## My suggestion(s) for enhancing our learning experience and ambience of the institution

65 responses

.

-

No

No suggestion

SITE VISITS OVER STUDIO EXPLANATIONS

ventillations of class needs maintenance , interior of college needs change

No suggestions

The solving of technical glitches of projectors in AV Rooms might help in better presentation of work of students as well as faculty.

Should give a thought on light and ventilation

Improve the services in the classroom that's lights fans etc

Please fix the fans and lights and the ambience of the class. Teachers are good . Also start funding the college and give us more practical knowledge.

The fans in the studios are not working properly, the proper teaching for architecture design should be done i.e. the project should be explained thoroughly and a case study should be explained to make it easier for students to understand the proper planning of a particular building

Teachers are good

Should improve WiFi, light & fan connections.

Give us practice knowledge.

Light and ventilation of classrooms needs maintenance, light , fans should be work properly

Faculty should be more considerate while teaching the students. Faculty should explain the concepts to students.

Ambience is not good , give for more partical knowledge .

.....

Need more guest lectures of practicing architects.

Give more site visits, practical knowledge

Ambience is not good, need more practicals

Repair fan and light, should improve wifi connection

No light ventilation in ground floor for the B div. Fix the new lamps and fans in classrooms, and also change or repair the switch boards. Computer labs are more preferable for learning. Giving service lectures on project/sheet/report based lectures at start of the project.

no suggestion

good

Please give us information about exam and more things in some time priore

Please repair fan in div A 3rd year

Good in teaching, improvement need in site visit

Stools and tables should be repaired or replaced as it tears clothes.

Please change furniture in classrooms

need new table and ac

Need more study tours and outdoor activities.

the overall experince of learning is great

change in drafting table

All over ambience is good but somewhere it felt like institute should have outdoor study area where students can work or study surrounded by nature/landscape

Give some practical knowledge and bring students for site visit.

nothing

All over ambience is good but somewhere in felt like need of having outdoor study/ work space where students can feel nature while working

ac, provision of chairs

new table ,chairs and ac (must) and common printer

drafting tables, chairs, coffee machine

teachers should be polite with students

Nice

drafting table,chair,

fan

plz repair common room fan

Plz Repair Fan

pls repair tiles, fan and light

For enhancing learning experience, need to have lectures in the AV room for better understanding of concepts in the form of graphics.

old desk and stooles should be replaced

More field work required

drafting table, coffee machine

Studios can be done with practical knowledge too.
