Poster of the Event

**SINHGAD TECHNICAL EDUCATION SOCIETY'S
SINHGAD COLLEGE OF ARCHITECTURE**
(NAAC Accredited)
in collaboration with Savitribai Phule Pune University

**NATIONAL LEVEL CONFERENCE - 2020
ENVISIONING INDIA 2050
CONCERNS OF URBAN ENVIRONMENT (NCEI)**
on 23rd and 24th JANUARY 2020

The rate at which a developing country like India is growing, the urban areas not only open up various opportunities but can also compromise the support systems of infrastructure, roads, parking, services, open spaces etc. The cities are not only becoming generic but the natural terrain and identity in and around any city is fading away. Envisioning a futuristic India not only as a technological advance, but also the other facets of a city needs to be addressed. Along with the increasing urban sprawl the rural areas connecting these metropolises and megacities might also diminish. The conference attempts to touch upon various aspects of the urban environment and invites to participate with in-depth research papers on following themes that include but not limited to:

SUB-THEMES

- Planning
- Urban design
- Landscape and environmental concerns
- Conservation of monuments and heritage
- Digital and technological advances
- Social issues
- Transportation
- Farmlands

The accepted papers will be published in conference proceedings

CALL FOR ABSTRACT
