30 responses

## 5. MY SUGGESTION TO COLLEGE TO IMPROVE QUALITY OF PERFORMANCE OF ALUMNUS (WRITE IN WORDS)

30 responses

More field trips should be there , more exposure can be helpful

No

Focus more on practical knowledge

There should be some kind of interconnection, involvement of alumnus in college.

More software development

A need of friendly atmosphere, college should feel like educational space rather than any office, interaction between faculty and students apart from syllabus should be improved.

More site visits,more lectures by the expertise.

Abcd

## 6. MY SUGGESTION FOR SYLLABUS REVISION TO PRODUCE EFFICIENT ARCHITECTS (WRITE IN WORDS)

30 responses

More introduction to architectural competitions will be helpful and interesting

Include more practical approach towards designs and other subjects

Not really. But needs practising faculty that would be beneficial to college and students.

More practical designing subject and site exposure

Practical studies should be introduced. How to survive in practical world in architectural field, should be taught. Real life knowledge and experiences should be shared by faculties to keep the passion going.

A year of a internship in last sem and more practical and industrial knowledge to be given.

Yes
