Academic year 2019-20

Best Practice 1 : STUDY TOUR REPORT PRESENTATION

As per every year, the study tours were arranged for the first year to the fourth year. As a part of the curriculum, students are supposed to visit the palace, and their design assignments are to be based on the place visited. The documentation of the study tour is a major part of the activity. Each class documents the place or settlement visited and prepares a report and sheets along with a model of the settlement.

The competition is held every year wise and first prize is declared for the best documentation and presentation work. The competition is judged by a panel of 5 members composed of Principal Madam and all the heads of departments of B.Arch.

This year, the competition took place on 31st January 2020.

STUDY TOUR REPORT PUBLICATION

The reports prepared by the students of each year in each division were collected and compiled to make a publication. Year wise all the work was arranged and then published in the form of a bound hard copy.

This publication gave the students a feeling of belonging and pride that their work had been published, and gives a moral boost to work more hard and achieve higher goals in academics. The whole published hardcopies are available in college.

Both activities support the overall growth and developing of confidence in the students.

Architectural Study tours: Every year study tours are conducted for all students of First year to Fourth Year B. Arch. These study tours are linked with Architectural Design Projects, as students design in context progressively from smaller settlements in First year to high order urban areas in fourth year. All study tours are divided into four parts:

1. Pre-study of the area and context.
2. Survey and study during visit,
3. Post study tour report & documentation,
4. Architectural Design project with context. Study Tour of 2019-20 schedule :

Best Practice 2: ANNUAL EXHIBITION 2019-2020

The event took place on 16th January 2020. Ar.Ravi Gadre and Ar.Vikran Hundekar were the invited guests for the inauguration. They enriched the students and faculty through their presentations and talk.

The event included presentations by the eminent guest and competitions like the photography competition. Annual prize distribution ceremony for academics as well as extracurricular activities.

The exhibition panels were made from many recycled papers and sheets were used along with models to make murals adhering to the theme. As the college follows the green practices lot of minimum wastage of paper and reusing the paper.

Guest interacting with the students at panel in corridor.

Student explaining about the theme and the mural to the guest.
