

Human Values and Professional Ethics

7.1.9 Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Oath ceremony: When first-year students enrol in the course, this ceremony is conducted for them. They take an oath the principles of their profession and to practise architecture in an ethical manner. Despite the fact that the classes this year were online, the institute has a tradition of conducting the oath ceremony. Online learners took the oath and completed the charts as directed.

A Lecture was conducted on the “**constitution of India**” for the students. The students learned about their rights, obligations, and liabilities as Indian citizens during this presentation. It helps to raise knowledge of their obligations and rights that it is now included in the curriculum.

A lecture series conducted for “ Responsible Netism” : Various experts from different fields gave lectures and information about using the internet and tips for becoming responsible citizens. Cyber crimes are serious issues faced by society now, this lecture series made the students aware of the methods to deal with the criminals and safe guard themselves from the predators.

A voter awareness competition was organized. Students prepared posters to create awareness about voting. This was a awakening for the students regarding their voting rights.

Tree plantation drive: This event is held annually to raise awareness of the significance of tree planting and the adoption of environmentally friendly practises. Due to the pandemic crisis, the event was also held this year with fewer participation.

The details of each event have been attached.

THANK YOU FOR JOINING US

Responsible Netism 6th National Cyber Psychology Conference 2022 themed, "India Fights Cyber Violence against Women and Children"

Sat, Jan 22, 2022

We would like to express our heartfelt gratitude to our esteemed dignitaries, to all panellists, moderators, and to all the participants.

This free virtual conference aimed at promoting digital free technology in order to protect cyber rights of netizens, to build robust mechanisms and report online distress.

We aspire to build safe digital spaces for netizens, encourage positive, healthy and responsible online behaviour and inculcate cyber hygiene. This attempt would build cyber resilience against cyber violence and make India cyber safe for children and adults.

Cybercrime may be defined as “Any unlawful act where computer or communication device or computer network is used to commit or facilitate the commission of crime”. National Cyber Crime Reporting Portal identifies 24 types of acts under the classification of cyber-crimes.

1. Child sexually abusive material (CSAM)
2. Cyber bullying
3. Cyber stalking
4. Cyber Grooming
5. Online Job Fraud
6. Online Sextortion
7. Vishing
8. Sexting
9. SmS-shing
10. SIM Swap Scam
11. Credit card (or debit card) fraud
12. Impersonation and identity theft
13. Phishing
14. Spamming
15. Ransomware
16. Computer Virus, Worms & Trojans
17. Data breach
18. Denial of Services
19. Website Defacement
20. Cyber-Squatting
21. Pharming
22. Crypto jacking
23. Online Drug Trafficking
24. Espionage

Although the crimes and the criminals are getting smart and technologically advance, their virtual involvement in new forms of unlawful acts in increasing day by day. The current situation of COVID-19 Pandemic crisis had opened up new avenues to each one of us into this new normal- online/ virtual cyber world and has exposed

the kids and women to this medium and social media beyond the purview of professional interface. And it comes with the pros and cons of this medium. We as a nation and responsible citizen stand against the violation of cyber rights and strongly believe; it is critical to allow everyone to feel safe online. Netizens' safety rights must be protected from all kinds of abuse and violence. Setting a mission to 'Make India Cyber Safe for Children and Women', Responsible Netism a social purpose organization working on child online protection and cyber wellness in collaboration with Cyber Peace Foundation, an award-winning Cyber Security think tank, host its 6th National Virtual Conference on Cyber Psychology themed "India Fights Cyber Violence", scheduled for Saturday, January 22, 2022
